

**Authorization to Obtain Information for Background Check  
Independent Facilitator Services**

I understand that consideration for a contract with the Lakeshore Regional Entity (LRE) as an Independent Facilitator is contingent upon the results of a background check. I authorize the LRE to investigate the truthfulness of all statements made in connection with my application to provide independent facilitation services, and to complete a background check which includes, a criminal history check, sex offender registry check, and an Office of Inspector General (OIG) check for Federal Healthcare sanctions. The information obtained from this form is confidential, and is used for completion of background checks.

I agree to disclose any incidents to the LRE while I am under contract with the LRE to provide Independent Facilitation services, and I acknowledge that additional background checks may be completed as deemed appropriate by the LRE. Incidents reportable to the LRE are defined as criminal activities, abuse or neglect of children and adults, and healthcare waste, fraud, or abuse. I further understand that if information is received by the LRE that would impact my work as an Independent Facilitator, the LRE may in its sole discretion terminate consideration of a contract with me. In the event of this decision, I agree to hold the LRE harmless and to abide by its decision.

I release all companies, firms, agencies, departments, bureaus, individuals and all their employees, agents and attorneys from any liability whatsoever in connection with disclosure of any information obtained covered by this authorization. I release the LRE from all liability in connection with seeking, obtaining, and using the information obtained pursuant to this authorization in their selection process or as part of their ongoing background check process.
