Question: Are there any additional funding sources and are there any significant changes in expenditures?

- o There are no new funding sources.
- o There was a decrease in the Gambling Disorder Grant due to a state error last year.
- o The COVID Grant is sunsetting.
- The Drug Free Community Support Grant was a 5-year grant that will end next fiscal year. LRE will not be the fiduciary for that again.

MOTION CARRIED

LRE 23-60 Motion: To approve the LRE FY2024 Annual Budget.

Moved: Janet Thomas Support: Ron Bacon

MOTION CARRIED

Question: Are there items in the budget that have made the audits problematic that we can change moving forward?

- Until the cost settlement is completed back to FY18 then we cannot put the audits to rest. The state has sent a cost settlement letter that we do not agree with and are working with legal and the state to work on the issues. We believe that their process is not in line with the judgement and LRE may have to have the judge clarify his intent. There is also a hearing scheduled in December regarding the sanction, but if we can work this out, we may not need to move forward with the hearing.
- The potential sanction is not included in the budget. We are unsure of the impact on ISF. Ms. Chick clarifies that the rates we have received are draft and this budget may change and if so, we will bring amendments to the Board.
- Spending plans will be updated when LRE receives the final rates.

Statement of Activities as of 7/31/2023 with Variance Report-

Included in the Board packet for information.

• The LRE admin. line is about \$2.7 million under budget and was moved to the ISF line.

Monthly FSR-

Included in the Board packet for information.

• Surplus funds from a CCBHC are retained by the CCBHC and do not go into the regional ISF or MC Savings.

CEO REPORT

Included in the Board packet for information. Ms. Marlatt-Dumas reports:

- Quality PIP received validation at 100%.
- Continue to meet with Kristen Jordan Bi-Weekly. LRE spoke with her about the cost settlement report.
- September is Recovery month.
- All historical deficit funds have been disbursed to the CMHs.
- Continue to discuss and ask for additional HSW slots.
- Attached is a cost settlement letter from MDHHS. LRE does not agree with the process because it does not seem to align with the intent of the judgement from the DEC action.

We have not agreed to it and will discuss it further with the state. If we cannot come to an agreement, we may have to take it back to the judge for clarification.

- o If we agree to the states process, we could lapse \$10-\$15 million back to the state.
- o LRE has an extension through October 15.
- The sanction may be lifted if we can work through the cost settlements and complete the audits.
- Ms. Chick also comments that there is discussion regarding language in the contract as it states we can put 7.5% into the ISF per year. The state is maintaining that the intent was a cap of 7.5% total.
- Bob Sheehan has also agreed to work with our legal. Ms. Marlatt-Dumas will meet with him today.

Can we consider a bifurcated response that we could accept partially or for a certain number of years? It could be an avenue because anything is viable if it can get us to move this forward. We can look at many options.

- LRE's legal would like to meet with MDHHS and then we could possibly have a recommendation for the Board by next month.
- The state would have LRE use one pot of funds where the judgement does not limit that. Also, if we are not allowed to report the negative balance in our ISF then we would report at \$0 which would change the amounts and cause LRE to incur surpluses that would have to be sent back to MDHHS and would seriously deplete our funding savings.
- o LRE will continue to work on this and bring options to the Board.
- Wakely will present the ISF analysis at the October Work Session.
- MDHHS is scheduling meetings with all the PIHPs. The meetings have been going well. There will be an in-person meeting in October with LRE staff.
- CMHAM has Board Works videos that can assist in understanding the role of Board members. https://cmham.org/education-events/boardworks/

BOARD MEMBER COMMENTS

Ms. Kelsey comments that the workload that includes CCBHC is an enormous workload and would like to make sure LRE has budgeted enough for staff to make sure we can handle the additional workload.

Chief Operating Officer (Stephanie VanDerKooi) Report to the Board of Directors October 25, 2023

Veteran Navigator: More than 30 applications for this position were received. Four individuals were selected to be interviewed, and the job offer will be made to one of the candidates in the coming days.

Opioid Health Home (OHH)/Behavioral Health Home (BHH): Currently, Substance Use Disorder (SUD) treatment services in the region are managed by the member CMHSPs. Region 3 is the only PIHP in Michigan that does not centralize SUD. Lakeshore Regional Entity cannot participate in OHH and BHH due to current regulations that require centralization of SUD Services. LRE is actively working with MDHHS to make changes to the OHH and BHH procedure manual to ensure there is a way the services can be provided in this region. The goal is to work on language changes and state and federal approvals to ensure that LRE and its consumers can be served using these models starting FY25.

- What is an Opioid Health Home (OHH)? An OHH is a program that provides comprehensive care management and coordination services to Medicaid beneficiaries with opioid use disorder. The OHH functions as the central point of contact for directing patient-centered care across the broader health care system. Enrolled beneficiaries work with an interdisciplinary team of providers to develop an individualized recovery care plan to best manage their care. The model also elevates the role and importance of peer recovery coaches and community health workers to foster direct empathy and connection to improve overall health and wellness. In doing so, this will attend to a beneficiary's complete health and social needs. Participation is voluntary, and enrolled beneficiaries may opt out at any time.
- What is a Behavioral Health Home (BHH)? A BHH is a model of care that provides comprehensive care management and coordination services to Medicaid beneficiaries with a serious mental illness or serious emotional disturbance. The BHH functions as the central point of contact for directing patient-centered care across the broader health care system. Beneficiaries work with an interdisciplinary team of providers to develop a person-centered health action plan to best manage their care. Behavioral Health Home receives reimbursement for providing the following federally mandated core services: Comprehensive Care Management, Care Coordination, Health Promotion, Comprehensive Transitional Care, Individual and Family Support, Referral to Community and Social Services.

SUD Prevention and Treatment Resources

The MIRecovery Oversight Workgroup has worked closely with GoMedia to create an explainer video for providers to ensure their understanding and promotion of this tool as a valuable resource. Please view the link at this link: https://youtu.be/M7RH_NmJ_As?si=0086niH1lR7lpIQ2

Oversight Policy Board (OPB): The next meeting is scheduled for December 6, 2023 at 4pm.

Substance Use Disorder Strategic Plan: The three-year plan was submitted to MDHHS on Friday July 7th. We look forward to the department's approval of the plan. At this point, LRE is moving forward with the plan as is. KWB Strategies will be engaged to help demonstrate outcomes.

Contracts FY24: All contracts have been distributed. 38 of the 60 contracts distributed have been signed, many more will be signed at the end of the month once the Board of Directors at our CMHSPs and providers approve the signatures by their CEO's. Significant changes were made to the boilerplate

and attachments for the specialty contract grants. The LRE team has been available to answer any questions related to the new format.

Legislative Update: The most updated version of the grid outlining proposed legislation related to behavioral health at both the State and Federal Level is included as *Attachment 1*. This grid is updated monthly, and new legislation is highlighted in yellow for ease of identification. The Board may want to pay attention to the following Legislation:

- (State) HB 4707: The bill would amend the Insurance Code to require health insurers in Michigan to provide coverage for medically necessary treatment of a mental health or substance abuse disorder. The bill would set requirements for coverage of out-of-network services and emergency services, as well as requirements related to prior authorization, utilization review, and the determination of level of care for insured individuals. The bill states that it would not apply to any entity or contracting provider that performs utilization review or utilization management functions on an insurer's behalf. This bill is supported by Community Mental Health Association of Michigan (CMHAM) and they had sent an advocacy alert on October 11, 2023.
- (State) Keep Michigan Kids Tobacco Free: This group is pushing to have stronger tobacco prevention laws in our state. One way they are moving this along is by asking individuals to sign the petition supporting a ban on all flavored tobacco products (link is below). The goal is to have a statewide list of supporters to accompany this issue when it is brought before the Legislature. Banning the sale of menthol tobacco products and all flavored tobacco products, including e-cigarettes, would help prevent a new generation of tobacco users. This would save millions of lives, reduce health care costs, and ensure equitable approach to better health in the United States. Many states and localities have already banned flavored tobacco products, including menthol, to protect kids and reduce health related disparities in certain communities.

Sign the Petition — Tobacco Free (keepmikidstobaccofree.com)

If the Board would like to take action on any of the proposed bills, please advise and the LRE team can formulate a plan.

CCBHC (Certified Community Behavioral Health Center): Regional meetings with the CCBHC partners (WMCMHS and HealthWest) continue and we are now extending the welcome to all CMHSP's. The LRE is also working on creating a year 2 summary of efforts.

CCBHC September enrollments:

HW- Medicaid 5; Non-Medicaid 20 WMCMH- Medicaid 85; Non-Medicaid 19

FY2023 Report Submission Tracking

In FY2022, LRE implemented a new process for tracking the submission of required reports. Below is the End of Year report for FY2023. LRE tracked the submission of 449 reports in FY2023, with a late submission of a total of six reports (1%).

The report tracking tool has been updated and improved effective October 1, 2023.

| Total Number of Reports | 449 |
|--------------------------------|-----|
| Number of Late Reports | 6 |
| Percentage of Late Reports | 1% |
| Average Number of Days Late | 8 |

| Report Name | Report Type | Due Date | Days Late | Reason |
|--|--------------------------------|------------|-----------|--|
| Clubhouse Engagement Project Quarterly Narrative Report | Non- Financial Reporting | 11/15/2022 | 31 | Report was completed prior to the deadline, but was not submitted due to a missed email. This report was also missing in our tracking system, but is now accounted for. |
| ACT/IDDT Team Survey | Non- Financial Reporting | 11/10/2022 | 3 | Late submission of report due to LRE staff missing email request for this one time report. MDHHS had the wrong LRE staff contact for this request, which has been updated. |
| Fiscal Questionnaire | Financial Reporting | 2/13/2023 | 3 | Account was inactivated and the file couldn't be uploaded on 2/10/23. State activated the account on 2/13/23 and report was uploaded. |
| Encounter Quality Initiative Report (EQI) | Financial Reporting | 2/28/2023 | 1 | Per email communication from MDHHS 2/28/23, extension to 3/3/23 due to Ottawa CMH not having reports completed on 2/28/23. Report submitted on 3/4/23. |
| PIHP TIN Expenditure Summary | Financial Reporting | 2/28/2023 | 1 | Per email communication from MDHHS 2/28/23, extension to 3/3/23 due to Ottawa CMH not having reports completed on 2/28/23. Report submitted on 3/4/23. |
| Medical Loss Ratio | Financial Reporting | 2/28/2023 | 1 | Per email communication from MDHHS 2/28/23, extension to 3/3/23 due to Ottawa CMH not having reports completed on 2/28/23. Report submitted on 3/4/23. |
| Behavioral Health Workforce Stabilization Support Narrative Report | Non- Financial Reporting | 7/17/2023 | 14 | This report was not reflected in the tracking spreadsheet, so it was missed. Now reflected in the tracking document. |

INTEGRATED HEALTHCARE – Tom Rocheleau

FY2023: 10/1/2022 - 9/30/2023

In September 2023, monthly joint care coordination meetings occurred with each of the 6 Medicaid Health Plans (MHPs)that serve the LRE region. During the September meetings, 54 consumers were discussed with their respective MHPs related to their potential for or continued benefit from having an interactive care plan within the State's claims database, CC360, and subsequently improving their care and quality of life, removing barriers, and decreasing unnecessary utilization of crisis services. There were 10 consumers discussed with their MHPs, wherein an interactive care plan was not created, but joint collaboration took place resulting in a Single Episode of Care (SEC). This data continues to indicate the CMHSPs and MHPs are working hard to identify new members for integrated care plan discussions. In addition, 4 new care plans were opened during the month of September.

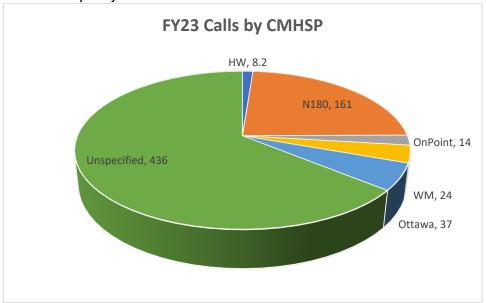

<u>CUSTOMER SERVICES</u>—Michelle Anguiano & Mari Hesselink

Customer Services is looking at an end of the year grievance and appeals training for all CMHSP staff. We are finalizing end of the year data and looking at trends and goals for 2024.

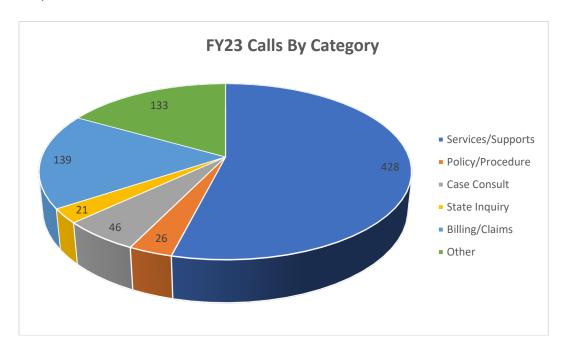

The customer satisfaction survey was approved for the MSHIP and YSS for next year. We are looking at what format to utilize and how often to do a push for the year.

Customer Services continues to provide quarterly trainings for regional CMH staff and providers to help ensure that we are working collectively to provide the people we would work with understandable documents (ie: person center writing training and NABD training). We have a NABD training scheduled for October 27, 2023 with over 130 people signed up.

In FY23, Lakeshore regional entity received and recorded 793 calls to the customer services line. A breakdown of calls by subject is below.

The majority of calls were unspecified, but the largest portion were related to Network 180 followed by Ottawa CMH.

More than half of the calls received were regarding individuals attempting to receive SUD services. These individuals were referred to their respective CMHSPs. The second most frequent category of calls involved providers or individuals seeking information regarding claims, billing, or Medicaid authorizations for medical procedures. This category has increased during the later half of FY23.

CREDENTIALING – Pam Bronson, Credentialing Specialist

The Credentialing Committee reviewed and approved 20 organizational providers for credentialing/re-credentialing in September. MDHHS requested two PIHP contacts be identified as Super Users for the new Universal Credentialing process—Pam Bronson and Don Avery will be the LRE representatives. There will be training for Super Users in the next month.

PROVIDER NETWORK MANAGEMENT (PNM) – Don Avery, Jim McCormick

With FY2024 Contracts completed, PN Managers are planning for FY24 projects which include evaluation of inpatient hospital rates, contracts, and continued expansion of the value-based reimbursement model, finalizing an updated LRE/Member CMHSP Boilerplate Contract, and other various projects outlined in LRE strategic plan as well as recommendations from HSAG. In September, LRE met with MDHHS to discuss upcoming changes to reporting requirements and monitoring processes of Network Adequacy Standards. In October, PN Managers met with MDHHS to discuss the development and implementation of value-based purchasing with inpatient hospitals and will continue to collaborate through the expansion of this model.

SUD TREATMENT – Amanda Tarantowski, SUD Treatment Manager

LRE SUD Treatment Manager has been involved in the following activities during the past month:

- Attended the statewide Substance Use Disorder Conference in Lansing and shared many of the sessions materials with the SUD ROAT.
- Attended Perinatal SUD Training
- Spent considerable time preparing contracts for SUD Treatment

SUD/GAMBLING PREVENTION - Amy Embury, SUD Prevention Manager

<u>Gambling Prevention:</u> The LRE received notice on October 3rd, 2023 of a revised budget allocation for this current FY24 Gambling Disorder Prevention allocation to **\$221,306**. All contracts and provider project proposals had just been completed and approved prior based on an allocation amount of \$171,801. We will be working with regional partners to ensure the reallocation of these funds using the LRE Problem Gambling Needs Assessment.

<u>Talksooner</u> is excited to reignite their partnership with University of Michigan Health-West. They will be promoting a slide in their digital screensavers, which are displayed on thousands of computers and monitors throughout the hospital, which includes <u>30 locations</u>.

Any Way You Slice It, Prevention Matters – please see the attached overview of this successful campaign.

<u>WAIVERS</u> – Kim Keglovitz / Melanie Misiuk/Stewart Mills, Waiver Coordinators

Below is a chart of overdue recertifications and guardian consents. Recertifications are due annually and guardian consents are due every three years.

| CMHSP | Overdue Certifications | Overdue Guardian Consents | Inactive Consumers |
|---------------|---------------------------|------------------------------|--------------------|
| OnPoint | 1 | 0 | 3 |
| HealthWest | 0 | 3 | |
| Network180 | 6 | 1 | 3 |
| Ottawa | 0 | 0 | |
| West Michigan | 0 | 0 | |

We filled 3 slots in the month of September 1 went to Ottawa CMH and 2 to Network 180. We had 4 slots to fill for October. 2 packets for Network 180 and 2 packets for Ottawa are currently pending enrollment at MDHHS for October. We have 2 children's waiver age off packets to enroll for the month of November. We have 20 complete packets and 14 packets that are pending due to goals, objectives, or needing updates to other required documents. Below is a chart of slot utilization in region 3.

Reminder that the enrollment deadline is always the 15th of the month. If the LRE is not notified of a disenrollment right away, we could miss the deadline for the month and therefore the payment while we have people waiting to be enrolled. For example, if we have a death in December and we don't find out about it until June we have missed out on 5 months of payments.

With the PHE unwinding there will be a greater focus from MDHHS on making sure that recertification documents and pendbacks are turned in in a timely manner. As a reminder all recertifications are due within 365 days and any pendbacks of recertifications or initial enrollment packets are due within 15 business days.

Children's Waiver Program (CWP)

92 children are open and enrolled in the Children's Waiver Program for October. We have 1 child that is currently invited to enroll on the Children's waiver with an August start date. We had five prescreens that were submitted in September. We currently have twenty-one scored prescreens that are on the weighing list that have not yet to be invited to join the CWP. Of the twenty-one prescreens that are currently on the weighing list, one was submitted by OnPoint, fourteen by Network 180, three by HealthWest, two by Ottawa, and one by West Michigan.

1915(i)SPA:

MDHHS Updates:

- MDHHS's deadline for iSPA compliance was 10/1/2023. The LRE was at a 104% enrollment rate by the 10/1 deadline, based on the CMHSP reported projections.
- MDHHS sent a report on 10/2 outlining several hundred cases that they believed should have been entered into the WSA based on service encounters for the last three months. The CMHSPs reviewed their lists and have extended due dates to enter any cases that do still need to be entered.
- The Regional iSPA Workgroup continues to meet monthly, with representation from each CMHSP, as well as attending the statewide meetings. The CMHSP Leads and staff assisting them for this program are doing a tremendous amount of work, and the LRE is appreciative of the time and effort put towards this program.
- The LRE 1915(i)SPA Policy and Procedure has been approved and is now operational.
- As of 10/1/23, all iSPA cases must be enrolled in the WSA and approved by MDHHS prior to starting services.
- MDHHS' current focus is now on recertifying cases, including those that have become overdue while focusing on initial enrollments.

SEDW:

- There are currently 95 open cases in the region.
 - Allegan 8
 - HealthWest 17
 - Network180 46
 - Ottawa 20
 - West MI 4
- The LRE reinstated the Regional SEDW Workgroup on a quarterly basis. The CMHSP SEDW Leads and Arbor Circle met on Tuesday September 19th at 1pm to discuss updates to the program from the region and MDHHS, Technical Assistance, and training needs. The next meeting is in December.
- MDHHS is working on a formal process for enrolling SEDW cases into the iSPA when needed
 whey beneficiaries are disenrolled from the waiver. A formal process is already in place for this
 with the HSW, and MDHHS is planning to do something similar for the SEDW.

Lakeshore Regional Entity's Legislative Update – 10/17/2023

This document contains a summary and status of bills in the House and Senate, and other political and noteworthy happenings that pertain to both mental and behavioral health, and substance use disorder in Michigan and the United States.

Chief Quality Officer - Report to the Board of Directors

October 25, 2023

<u>CMHSP SITE REVIEWS:</u> LRE has completed all FY23 Site Reviews and distributed final reports to each CMHSP. OnPoint and HealthWest continue to work on the Corrective Action Plans, which are due October 25th and 27th, respectively. For FY23, Region 3's aggregate Site Review results remained the same over FY22.

NON-CMHSP REVIEWS: LRE is scheduling FY24 SUD Treatment, Inpatient Providers, and Crisis Residential Providers Site Reviews. LRE is also scheduling and conducting FY24 Facilities Reviews for Specialized Residential, Non-Licensed, and Non-Specialized Residential Settings.

FY23 Q3 MMBPIS: All CMHSPs met the MMBPIS compliance thresholds for Indicators 1, 4b, and 10 (all populations) as well as Indicator 4a for Adult and Aggregate. West Michigan CMH was the only CMHS that did not meet the Indicator 4a Adult threshold of 95% by rendering a 90% compliance rate. For Indicator 4a Child, Region 3 delivered a rate of 92.9%, which is 2.1% below the 95% compliance threshold, driven by OnPoint (60%), Ottawa (60%), and West Michigan (90.9%). In FY24 for Indicators 2a and 3, MDHHS implemented compliance thresholds of 62% and 72.9%, respectively. For FY23 Q3, Region 3 averages 55.5% for Indicator 2a citing the two top reasons for non-compliance being 1) Client No Show at a rate of 24.2% with HealthWest contributing 17.1% to the non-compliance and 2) Staffing Issue/Resource Shortage at a rate of 23.7% with OnPoint at 13.1% and N180 at 9.8% driving the non-compliance. Region 3 averages 64% for Indicator 3 citing the three top reasons for non-compliance being 1) Staffing Issue/Resource Shortage at a rate of 23.7% with OnPoint at 13.1% and N180 at 9.8% driving the non-compliance, 2) Client No Show at a rate of 24.2% with HealthWest making up 17.1% of the non-compliance, and 3) Systems Issues at a rate of 15.5% with HealthWest contributing 15.0% to the non-compliance.

EXECUTIVE COMMITTEE SUMMARY

Wednesday, October 18, 2023, 1:00 PM

Present: Ron Bacon, Richard Kanten, Stan Stek, Jim Storey, Janet Thomas

LRE: Mary Marlatt-Dumas, Stephanie VanDerKooi, Stacia Chick

WELCOME and INTRODUCTIONS

i. Review of October 18, 2023, Meeting Agenda

ii. Review of September 20, 2023, Meeting Minutes

The October 18, 2023, agenda and the September 20, 2023, meeting minutes are accepted as presented.

MDHHS UPDATES

- i. Meetings
 - Bi-Weekly
 - LRE is meeting weekly with Kristin Jordan with current discussion around completing the cost settlements process and the compliance audits.
 MDHHS has clarified that LRE is able to use either the MC Savings or ISF. LRE will use the ISF.
 - O LRE's lapse amounts for the cost settlements do not coincide with MDHHS amounts. MDHHS is using the original FSR amounts reported and LRE is using the revised FSR amounts. MDHHS has stated they will not accept any revisions to the previous years' FSRs and that LRE must use the original FSR for the compliance audits. However, the LRE FSR must match what our CMH FSRs reported and there were some revisions subsequent to the original submissions and why there is a difference in the lapse amounts.
 - o LRE's preliminary draft numbers are below, and these are subject to change per completing the audits.
 - FY21 \$4.2 million lapse with a fully funded ISF and MC Savings.
 - FY22 there is no lapse.
 - FY23 is not complete.
 - The preliminary numbers (FY23), if submitted information stays the same, are showing that the region will lapse the \$4.2 million in FY21, but we will only be \$200-\$400 thousand short of being fully funded in MC Savings while ISF will be fully funded for this fiscal year.
 - o MDHHS is projecting LRE to lapse \$12 million if they use the initial FSR submissions. If MDHHS continues to use these numbers LRE may want to consider going back to the judge for clarification.

- October 31 is the targeted deadline for completing FY21, December 31 FY22 and will continue to work on FY23. At this time MDHHS has also stated that they will be unable to waive the \$200 thousand sanction. If the information submitted is accurate and the region is almost fully funded, we can decide if we should continue with the hearing.
- In Person Meet and Greet
 - MDHHS Contract Provider Network staff came to LRE offices. They are meeting with all the PIHPs.
 - o There was discussion about the PIHP contract and areas of concern.

WAKELY RATES/ISF ANALYSIS UPDATE

- Jason Stading will be attending the Board meeting virtually to give a presentation on the ISF analysis. The analysis has been sent to the CMH CEOs for review.
- An analysis of DABS was completed showing risk factors continue to drop. Also there will be further review of the funding around the CCBHCs.
- Jason Stading will be available to answer questions and is willing to come back to Board if needed. The presentation will include best case and worst-case scenarios.
- Mr. Stek recommends that Wakely educate the Board members about what the actuarial process is.
- Mr. Storey recommends case study examples to help with understanding.
- What is the cost of the actuarial process?
 - LRE has budgeted \$80 thousand.

2024 EXECUTIVE COMMITTEE MEETING SCHEDULE

• The Executive Committee accepts the 2024 meeting schedule and will keep the meetings virtual and re-evaluate virtual vs. in-person in 6 months.

BOARD MEETING AGENDA ITEMS

- i. Mr. Stek requests that one member of LRE leadership give an oral report each month at the Board meeting.

Lakeshore Regional Entity Board Financial Officer Report for October 2023 10/25/2023

- **Disbursements Report** A motion is requested to approve the September 2023 disbursements. A summary of those disbursements is included as an attachment.
- Statement of Activities Report through August is included as an attachment. This is a preliminary report. Figures may change based on the final FY2022 financial statements due to accruals, other yearend entries, the external audit, and the CMHSP final FSRs.
- LRE Combined Monthly FSR The August LRE Combined Monthly FSR Report is included as an attachment for October's meeting. Expense projections, as reported by each CMHSP, are noted. An actual surplus through August of \$7.2 million, a projected annual surplus of \$3.2 million and a budgeted surplus of \$7 million regionally (Medicaid and HMP, excluding CCBHC) is shown in this month's report. All CMHSPs have an actual surplus, except Network180 with an actual deficit of \$3.7 million and West Michigan with an actual deficit of \$427 thousand. All CMHSPs have a projected surplus, except Network180 with a projected deficit of \$3.4 million and West Michigan with a projected deficit of \$377 thousand. All CMHSPs have a budgeted surplus, except Network180 with a budgeted surplus of \$1.9 million. Below is a monthly comparison of the surplus/(deficit) reported in the monthly FSRs for the Member CMHSPs.

Base Capitation Only, Does not include CCBHC activity

CCBHC activity is included in this month's report showing an actual surplus of \$1.8 million and a projected surplus of \$1.6 million, which will primarily be retained by the CCBHCs to be used to cover CCBHC expenditures in subsequent fiscal years. A budgeted surplus of \$94 thousand is shown. The CCBHC activity is primarily for the LRE only and does not reflect all of the activity at the CCBHC level due to different reporting requirements for the PIHP versus the CCBHC.

This report was reviewed by Finance ROAT on October 16, 2023, and reviewed by Operations Advisory Council on October 18, 2023.

• Cash Flow Issues – No Member CMHSP has reported any cash flow issues.

- FY 2023 Revenue Projections Updated revenue and membership projections by program and Member CMHSP are not yet available for September because the State made an error in the September payment file, which is not being rectified by the State until October 19, 2023. If available, an update will be provided at or before the LRE Board meeting.
- **FY 2024 Revenue Projections** FY24 final rates were received in September. However, due to the error made in the FY23 September payment, the FY24 Final Revenue Projections could not be completed until that payment was corrected by the State. If available, an update will be provided at or before the LRE Board meeting.
- **Financial Data/Charts** Can not be updated until the September payment is corrected by the State. If available, an update will be provided at or before the LRE Board meeting.
