

Data Source: LRE_DW_CorporateInfo.LRE_Encounters

Purpose: Show Distinct client counts along with counts of Encounter Lines and Claim Units for both Mental Health and Substance Use Disorder by FY and Service Month.

Reports in Dashboard:

1. **LRE - MH Lines** - Shows distinct client count and mental health encounter line totals for both Professional and Institutional type transactions for the LRE as a whole.
2. **LRE - MH Units** - Shows distinct client count and mental health encounter claim unit totals for both Professional and Institutional type transactions for the LRE as a whole.
3. **LRE - SUD** - Shows distinct client count and both SUD encounter line totals and SUD encounter claim unit totals for the LRE as a whole.
4. **CMHSP - MH Lines** - Shows distinct client count and mental health encounter line totals for both Professional and Institutional type transactions for the individual CMHSP.
5. **CMHSP - MH Units** - Shows distinct client count and mental health encounter claim unit totals for both Professional and Institutional type transactions for the individual CMHSP.
6. **CMHSP - SUD** - Shows distinct client count and both SUD encounter line totals and SUD encounter claim unit totals for the individual CMHSP.

Notes: Items 4-6 above are repeated for each individual CMHSP.
