PROCEDURE # 7.10a		EFFECTIVE DATE	REVISED DATE
TITLE:	BEHAVIOR TREATMENT PLAN REVIEW COMMITTEE	9/21/2022	7/1/2025
ATTACHMENT TO		REVIEW DATES	
POLICY #:	7.10	7/1/2025, 7/1/26	
POLICY TITLE:	BEHAVIOR TREATMENT PLAN REVIEW COMMITTEE		
CHAPTER:	QUALITY IMPROVEMENT		

I. PURPOSE

The purpose of the PIHP Behavior Treatment Plan Review Committee (BTPRC) is to provide consultation, guidance and oversight as required through the MDHHS/PIHP Master Contract.

II. PROCEDURE

A. The PIHP Behavior Treatment data collection, monitoring and reporting process shall collect data submitted by each CMHSP Participant regarding BTPRC information that includes:
   a. The number of plans that include intrusive and restrictive interventions.
   b. The number of emergency physical management interventions that occurred during the reporting period.
   c. The number of individuals that had repeated emergency physical management during the reporting period.
   d. The number of individuals with repeated emergency physical management has resulted in the development of a behavior treatment plan.

B. LRE BTPRC reviews and analyzes data from Member CMHSP Behavior Treatment Plan Review Committees (BTPRC) where intrusive or restrictive techniques have been approved for use with beneficiaries. Only the techniques permitted by the MDHHS Technical Requirement for Behavior Treatment Plans and Behavior Treatment Plan Review Committee that have been approved during the person-centered planning (PCP) by the beneficiary or his/her guardian may be used. Data reviewed shall include numbers of interventions and length of time the interventions were used per individual.

C. Based on the review of the information, the PIHP BTPRC may recommend strategies for improvement and report these strategies to the QI-ROAT.
