### I. PURPOSE

To ensure compliance with federal regulations that require Managed Care Entities such as LRE, the LRE provider network and Fiscal Agents (if applicable) disclose information about individuals with ownership or control interests in those respective entities; to identify and report any additional ownership or control interest by those individuals in other entities, as defined in this Policy, including Family Members with ownership or control interests; to report criminal convictions as required under this Policy; and, to ensure LRE and Community Mental Health Service Provider (CMHSP) members and sub-contractors comply with these regulations and have policies and processes in place to also ensure compliance with these regulations.

### II. POLICY

- A. Lakeshore Regional Entity (LRE) complies with federal regulations to obtain, maintain, disclose, and furnish required information about ownership, control interests, business transactions, and criminal convictions as specified in 42 CFR §455.104-106. In addition, LRE ensures that any and all of its contracts and sub-contracts, agreements, purchase orders, or leases to obtain space, supplies, equipment or services provided with Medicare or Medicaid funds require compliance with 42 CFR §455.104-106. LRE will report known convictions of criminal offenses related to a person's involvement in programs under Medicare Title XVIII, Medicaid Title XIX and Title XX of the Social Security Act [42 CFR §455.106(a)(2)], including convictions of program-related crimes, patient abuse, healthcare fraud, and controlled substances (Criminal Offenses). The Michigan Department of Health and Human Services (MDHHS), Behavioral Health and Developmental Disabilities Administration (BHDDA) Division of Program Development, Consultation and Contracts will be notified of those Criminal Offenses and any civil monetary penalties or assessments imposed under section 1128A of the Act.
- B. LRE may not knowingly have a relationship of the type described in paragraph (c) of 42 CFR 436.610 with the following:

1. An individual or entity that is debarred, suspended, or otherwise excluded from participating in procurement activities under the Federal Acquisition Regulation or from participating in non-procurement activities under regulations issued under Executive Order No. 12549 or under guidelines implementing Executive Order No. 12549.
  2. An individual or entity who is an affiliate, as defined in the Federal Acquisition Regulation at 48 CFR 2.101, of a person described in 42 CFR 436.610, paragraph (a)(i).
  3. An individual or entity that is excluded from participation in any Federal health care program under Section 1128 or 1128A of the Act.
- C. LRE must notify the MDHHS OIG immediately using the approved OIG reporting form and process if search results indicate that any of its Member CMHSPs, Network Providers, or individuals or entities with ownership or control interests in a provider entity are on the OIG exclusions database. LRE must also provide notification to MDHHS OIG if it has taken any administrative action that limits a provider's (organizational or individual) participation in the Medicaid program.
