

What is the Healing and Recovery Community Engagement Infrastructure Grant?

These are funds from the opiate settlements that were given to the PIHP's to be used to meet local needs.

How much money were we given?

The LRE was given 1 million dollars to be used on specific activities (outlined in the grant), between January 2025-September 2025 and these funds were distributed to our 5 CMHSPs for use in local communities.

How have the funds been spent so far?

What other projects are planned?

Our CMH's are set to use these funds for harm reduction, SUD licensure assistance, recovery housing and a number of other initiatives. The chart above will be updated as expenditures are billed.

I have questions about this, who should I ask?

You can contact Amanda Tarantowski, Substance Use Disorder Manager at: amandat@lsre.org
